

ELOCUTION COMPETITION

An Elocution competition on **Energy Conservation and Energy Management** was held at KJIT Campus in Vadodara. The event was organized by **the Society of Power Engineers (SPE)** and **the Electrical Research and Development Agency (ERDA)**. The competition consisted of three rounds, with the first round taking place on **27th March** at KJIT Campus. Students from both KJIT and SB Polytechnic, belonging to various diploma and degree branches, participated in the event.

A total of 61 students applied for the competition through a Google form link, out of which 46 students completed the registration and appeared in the competition. The evaluation for the first round was done by a panel of jury members, including prominent professionals from the field of electrical engineering and members of SPE.

The elocution competition aimed to enhance students' public speaking skills and boost their confidence in addressing a large audience. The participants had the opportunity to express their thoughts and ideas on energy conservation and energy management.
